Weekly Update

Group Name/number:_____Group 6_____

Date of update (this will always be a Tuesday):_____May 11, 2020_____

	Item
1.	What our group has done since last week: 1. We worked on our user document draft and system document draft. 2. We continued to implement and improve the functions of our system. 3. We improved the function of the system database and improved the employee side to view the appointment form.
2.	Questions, issues? We would like to know what details should be included in order to get a higher score, more emphasis should be placed on the integrity of documentation or system functionality when testing?
3.	We would like feedback on… We would like feedback on the user and system document draft, in order to know which areas we need to improve and do better in the final report. We would also like feedback on our system through the test by other groups and by teacher.
4.	What we plan to do this week: We plan to continue to implement the functionality of our system. We would test the system of other groups and give feedback to them.
